Moved to a new area

Former PE Teacher

First Time Dad

Moving to a new area, becoming a Dad for the first time and starting a business all in one go was a big period of change for coach Dave, but his journey with the FFF to date has helped in so many ways.

Dave cites his role as Head Coach as the perfect opportunity to make new friends within his local community, not least the network of superstar coaches that he now works with every day!

Dave's experience as a PE teacher meant that he was the perfect candidate for the FFF and his schedule allows him precious time with his newborn son.

“

Moving to a new area is always a challenge, but the Franchise gave me the chance to make an instant impact in my new community!
